

God Is Always Present!

What a great night serving with these two Godly men! I met them at the prison 2 years ago and one of them met Jesus, receiving him as his personal savior and Lord. The other man restored his relationship with God inside the prison! They had sentenced both men for 25 years and 8 years, but God is God and NOTHING is impossible. God has opened the door again for these two men and now they have both

decided to open their homes to start a small church because they want to share what God has done in their lives while they were in prison. At same time, they want to share the gospel of Jesus Christ so that more people in their circumstances can come to Jesus and be free from any type of sin. The other day, I had the privilege to share and encourage them with the word of God At Charles' house. What an awesome time it was! God is Good – Anywhere & Always!
